

Yaskawa Counter Day

RSD is hosting a Counter Day event with Yaskawa. Here you will learn about their latest innovations, including how they work & where you can find success with each product. One in particular, the VFD's are used to control the variable speed and variable torque for maximum energy efficiency. These can be used for multiple applications ranging from controlling HVAC motors, pumps, and more. This is an opportunity to have any questions you may have answered about Yaskawa products.

PRODUCT DEMOS

- Wednesday, July 17th, 2024
- 11:00am to 1:00pm at the So. San Francisco branch
- Presented by Ted Isdell of Yaskawa
- This is a free event
