

2 Classes in 1!

New Low GWP Refrigerants Regulations and the Future

A2L Installation Best Practices & Leak Detection Technology

A1
R-448A, R-449A, R450A
R-513A, R-515A, R-471A

A2L
R-32, R-454A, R454B
R-454C, R-455A

State and Federal regulations are now in place to phase down/phase out the use of high GWP HFC refrigerants. These regulations will impact new systems, on going service and retrofits. This class will introduce you to the next generation of A1 - A2L & Natural Refrigerants and their adoption in AC, Heat Pumps, Chillers, and Refrigeration.
