

New Low GWP Refrigerants Regulations and the Future

A2L Installation Best Practices & Leak Detection Technology

State and Federal regulations are now in place to phase down/phase out the use of high GWP HFC refrigerants. These regulations will impact new systems, on going service and retrofits. This class will introduce you to the next generation of A1 - A2L & Natural Refrigerants and their adoption in AC, Heat Pumps, Chillers, and Refrigeration.

- Wednesday, December 11th, 2024
- 5:30pm to 7:00pm at the Santa Ana branch
- Presented by Gary Parker & Ryan Knight
- Dinner will be provided
- Cost: \$20 per technician

2 CLASSES IN 1!

SPACE IS LIMITED TO 30
