

Breezair Evap Cooler

Installation & Troubleshooting

RSD is hosting an Evap Cooler Installation and Troubleshooting class with Breezair. In this training course, you will learn about the advanced technology of Breezair Evap Cooler Units: including installation, application, troubleshooting, and cooler discharge air temperatures. This is an opportunity to have the training that will benefit you in the approaching summer months.

SPACE IS LIMITED!

- Wednesday, March 19th, 2025
- 9:00am to 10:30am at the Boise branch
- Presented by Ed Necochea of Breezair/Seeley Intl.
- Breakfast will be provided
- Cost: \$20 per person / No refunds for absentees
