

JB Principles of Vacuum

RSD is hosting a J/B Principles of Vacuum Training. The course provides an overview of best practices for pulling a proper vacuum quickly and efficiently. You will learn how to troubleshoot common vacuum pump problems and maintenance on how to make it last. This training will explain what a Vacuum Pump Tear-Down is, how it works, and why AHRI recommends you change your vacuum pump oil after every use.

LIVE DEMO

- Wednesday, March 19th, 2025
