

Harris Intro to Brazing

RSD is hosting an introduction to brazing course with Harris. This will be a hands-on training on aluminum-to-aluminum brazing and copper-to-copper brazing. Here you will learn about Harris' latest innovations, including how they work and where you can find success with each product. There will be a quick demo on the ALUXCOR zinc-aluminum brazing alloy about its non-corrosive and non-hygroscopic cesium flux with a lower melting temperature and wider melting range than aluminum silicon alloys.

HANDS-ON TRAINING

- Wednesday, March 26th, 2025
- 11:00am to 1:00pm at the El Centro branch
- Presented by Tyson Weaver of Western Component Sales
- Lunch will be provided
- Cost: \$10 per person / No refunds for absentees
