

Inverter Installation & Diagnostics

RSD is hosting a Bosch Inverter Installation and Diagnostics technical training. Bosch instructors will be covering proper installation techniques to avoid any start-up issues and unit failures. Technicians will learn how to navigate through the user interface to set up and diagnose troubleshooting along with any maintenances. Technicians will receive service manuals and a quick start guide to assist them in the field.

TECHNICAL DEMO!

- Wednesday, April 2nd, 2025
- 8:00am to 12:00pm at the Boise branch
- Presented by Christopher Penn of Bosch
- Continental breakfast will be provided
- Cost: \$20 per person / No refunds for absentees
